The Holy Imam, Husain ibn Ali, (as) has captured the hearts and minds of angels and humans for close to fourteen centuries. His memory still brings fresh and profound passions and sorrows to our hearts.

Ziyaarat-e-Ashura possesses profound implications that get manifested when Man reflects on them. If people strictly adhere to the teachings conveyed by this Ziyaarat, they can secure deliverance, discover the reality and attain certitude in their beliefs. This Ziyaarat helps one to discriminate between good and evil and is a standard to gauge what is right and what is corrupt. It is one of the best means of repelling oneself from the enemies of Ahlulbayt (AS) and it has true pearls of wisdom hidden behind the words. This course will look at this Ziyaarat in detail and try and expose the spiritual meanings behind the words and through it facilitate the journey of the believer towards his Lord
